LK 25 cm bl

Lab Cable 25 cm, blue

LANGER EMV-Technik

LK 25 cm bl, Lab Cable 25 cm, blue

Short description

The LK 25 cm bl laboratory cable is connected to the filtered transmission of the GP 23 ground plane and HFW 21. With this connection the external power supply is led via HFW 21 to the device under test. Both sides are assembled with 4 mm banana plug. The measuring line is highly flexible.
